

Procedures for Admission to Motooka Kindergarten

General Information

preschool education before starting elementary school

Children age 3 and over are eligible to attend Motooka Kindergarten until they are old enough to attend a Japanese elementary school. Japanese elementary schools start from first grade

Enrollment:

For one year: Accepted for birthdates from April 2, 2012- April 1, 2013: Only a few children will be accepted

For two years: Accepted for birthdates from April 2, 2013- April 1, 2014: approximately 10 children will be accepted

For three years: Accepted for birthdates from April 2, 2014- April 1, 2015: approximately 70 children will be accepted

Curriculum and Educational Goals

1. Physical and Mental Health: Fostering the abilities of children to independently maintain a healthy and safe lifestyle.

2. Human Relationships: Nurturing self-reliance and social skills necessary for communication

3. Environment: Developing children's abilities to relate to their natural environment with curiosity and inquisition, and to incorporate this knowledge into their daily life.

4. Language: Developing the will and attitude to verbally express experiences and thoughts naturally, as well as fostering the ability to listen to other's words by understanding verbal and nonverbal language.

5. Expression: Developing the natural ability to express emotions, and nurturing creativity by expressing experiences and thoughts in their own words.

These goals will be realized by educating children comprehensively. Curriculum and content is interconnected and interrelated so that children will develop these skills concurrently in a positive and nurturing environment.
